

ACHILLE TARALLO ACHILLE TARALLO

Naples, Achille Tarallo, bus driver and father of three, implements his modest income by singing at weddings. He's part of a trio, along with his two inseparable friends Cafè and Pennabic. They are not a very talented group, but resilience and compliance to the requests of their audiences make them a welcome addition to any festive party. Life flows with ups and downs and daily crises as may be expected in a Neapolitan working class neighborhood. But the arrival of beautiful young Sonia, called to care for Achille's suddenly widowed mother, gives life an unexpected twist.
