

AT A GLANCE COLPO D'OCCHIO

Lulli is a noted art critic. He is in a relationship with Gloria, the young, beautiful daughter of a dear, deceased friend, but it comes to a quick end when she leaves him for Adrian, a tormented artist still looking for his big break. Instantly Lulli finds himself with a single thought: to ruin Adrian. And he sets about doing so through a terrible, diabolical plan.... Just how far can we manipulate another person?
