

ITALIAN SECRET SERVICE ITALIAN SECRET SERVICE

Ex-partisan, former MP and ex-idealist, Natalino is chosen by the US secret service to eliminate a dangerous neo-nazi spy. Natalino accepts but then after an attack of cowardice, hires an ex-inmate to do the job, who in turn passes the task on to a dishonoured lawyer who turns to another delinquent, and of course the mission fails miserably. After various ups and downs, it turns out that the spy was not a spy after all and Natalino and his accomplices are brain-washed into remembering nothing of the events
