

MY BELOVED FRIENDS I MIEI PIU' CARI AMICI

A group of unsuccessful actors receive a letter that seems to be the result of a benevolent destiny. The letter contains an invitation to spend a period of time in a castle belonging to the Dukes of Camerario: the occasion is the birthday of Martha, an actress. Who wrote the letter is Alessio, a globetrotter adventurer, who everyone has lost sight of for fifteen years. But some strange events begins after their arrival.
