

THE RED QUEEN KILLS SEVEN TIMES LA DAMA ROSSA UCCIDE SETTE VOLTE

When two sisters inherit their family castle, a string of murders committed by a mysterious dark haired woman in a red cloak decimates their circle of friends. Is the killer their ancestor, the "Red Queen" whom legend says claims seven lives every hundred years?

Director Emilio P. Miraglia (The Night Evelyn Came Out of the Grave) once again combines a conventional giallo whodunit narrative with supernatural chills, concocting a gripping horror/thriller hybrid which moves effortlessly between the world of high fashion and creepy gothic locales. Co-starring B-movie legend Sybil Danning (Grindhouse, Howling II), The Red Queen Kills Seven Times shows that there's more to gialli than black-gloved killers!
