

THE WOMAN OF MY LIFE LA DONNA DELLA MIA VITA

The story of two brothers, Leonardo and Giorgio, with opposite personalities. Leonardo is reliable and sensitive, Giorgio is erratic and a womanizer. Their mother, Alba, who has a tendency to be overly controlling, tries to keep them together. She succeeds, at least until the day Giorgio discovers that Leonardo's new fiancée Sara is none other than his former lover, to whom he shamelessly lied, even telling her that he had a son.

From that moment on everything changes: feelings, relationships, and what once seemed like order become utter chaos – until, as always, Alba can restore harmony in the family. But not before twists and surprises.
